

# **SALT CREEK INDUSTRIES LLC**

**World's Finest Hydraulic Squeeze Chute  
UNCONDITIONALLY GUARANTEED**

# THE STANDARD CHUTE

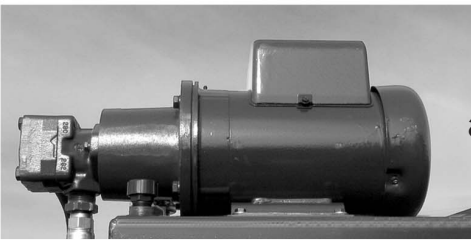

Standard Chutes are all the same size and built from the same gauge material. They are long enough to preg-check through the side, with no need to get behind cattle.

Photo of Dr. Rod Ferry,  
Lakeview Animal Hospital.

**“It’s the best cow  
chute on the market.”**

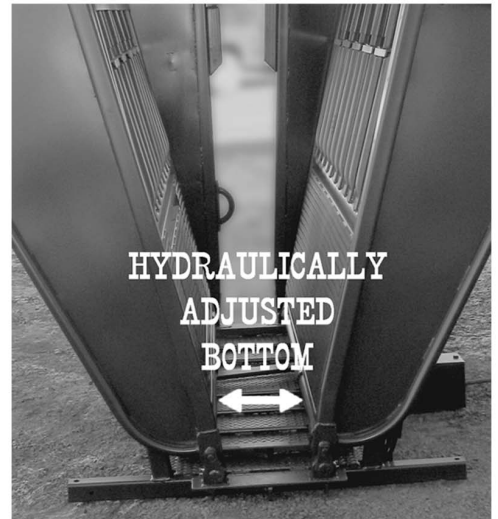

Each Chute has five side gates that open with one hand, but will not come open by themselves.

The Standard Chute comes equipped with a single phase 220 Baldor 3hp electric motor.

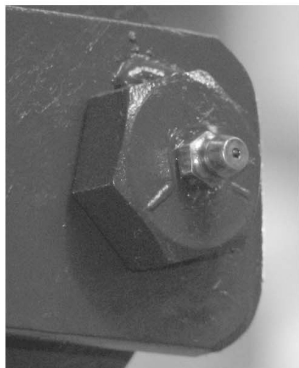

The Standard Chute comes equipped with one full length bottom door and one split bottom door. This door is excellent for testing bulls.

The standard chute has a Hydraulically Adjusted Bottom to keep cattle on their feet and properly restrained.

The EconoChute is equipped with a manually adjusted bottom.

Every moving part is equipped with either a grease fitting or steel bushing. The motor is rubber mounted and rubber bumpers have been installed to reduce noise.

# TRAILER

Our wish bone style trailer was designed so that one man can move the chute in the least amount of time and with the least hassle possible. A 3,000 lb. chute can be attached to the trailer and on the road in less than five minutes. Our trailer also tows very easily and smoothly.

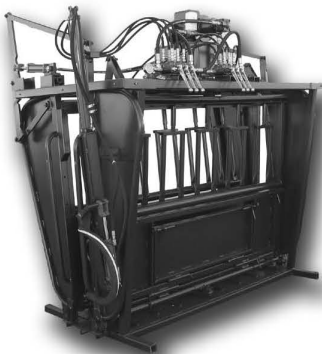

**One man can move a chute.**

**Hook up is quick and easy.**

**Trailer tows exceptionally well.**

=

## Our Most Popular Combination

With our highly customizable chute, simple to operate trailer, and reliable gasoline powered hydraulic units, this has proven to be our most popular combination, especially with veterinarians and ranchers on the move who don't have the time to deal with inefficient equipment.

## MUGGER

The Mugger was designed for mouthing cattle, but has a variety of other uses including doctoring eyes and checking or administering ear tags.

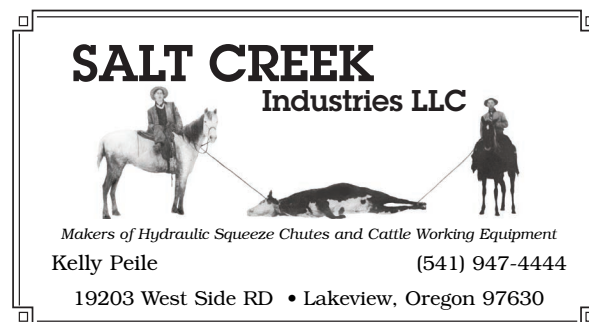

**35 feet of hose  
keeps noise away  
from chute**

**Rubber mounted to  
the top of chute**

## GAS POWERED HYDRAULIC UNIT

Honda 11 HP Gasoline Powered Hydraulic Unit for trouble free operation in remote locations. Available in two styles: 1.) On a separate wheeled cart and 2.) Rubber mounted to the top of the chute. This is the preferred option of most veterinarians.

**ALL SALT CREEK CHUTES ARE UNCONDITIONALLY GUARANTEED FOR 12 MONTHS, NO MATTER HOW MANY CATTLE ARE RUN THROUGH THEM.**

**New**

## **Portable Hydraulic Loading Chute**

### **Salt Creek's New Design No Batteries, No Motors**

Just turn a crank to hydraulically raise and lower our new portable loading chute

### **Simple, Easy and Works**

Comes Standard 14' long. Left side catwalk.  
Man door and retractable tongue

### **Portable Jump Chute Fits on Squeeze Chute Trailer**

9'6" long. No man door or catwalk unless requested. This is a very handy and economical addition if you have or are going to purchase a Salt Creek Squeeze Chute.

**(541) 947-4444**

# SALT CREEK INDUSTRIES LLC

All Salt Creek products are Unconditionally Guaranteed for 12 months, no matter how many cattle are run through them.

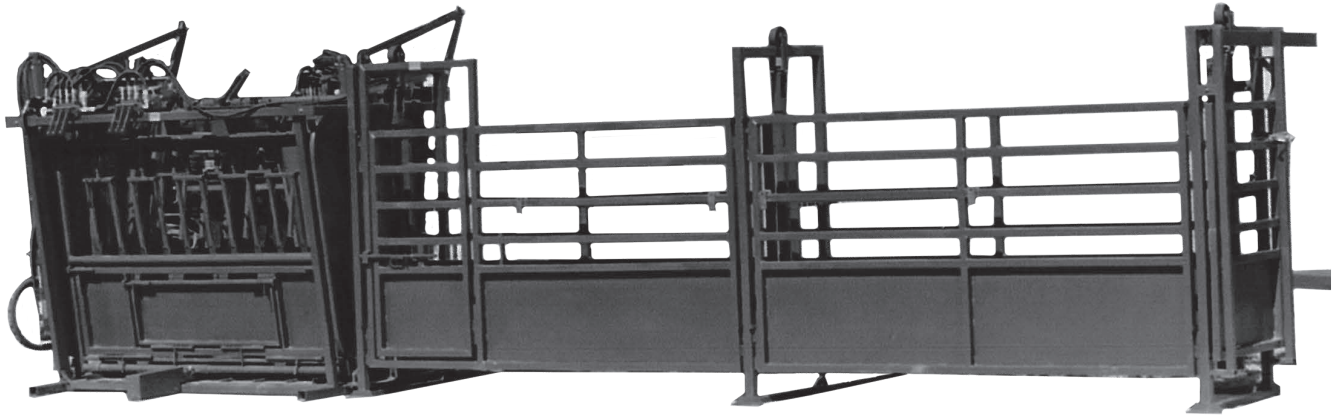

Calves are completely accessible and properly restrained with the Hoof Rope and Winch system.

Simply spin the wheel to tighten or release the rope.

An economical minded rancher can move both our Calf Table and Hydraulic Squeeze Chute with the same trailer.

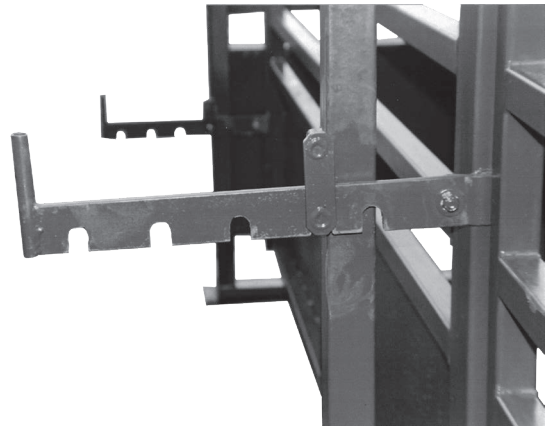

# **SALT CREEK INDUSTRIES LLC**

**New Ultra Stout Adjustable Alley**

**Square corners prevent  
hang ups. Pins are  
easily removable**

**One person can adjust  
width of alley**

**Palpation door will latch open in different width positions.  
Extreme heavy duty tailgate easily opens from both sides. Made  
with open or solid sides for the same price. Made to any length.  
Out weigh other alleys 2 or 3 to 1.**
